

Diesel Injector Cleaner (DIC)

Nulon Diesel Injector Cleaner is a powerful multi-functional chemical package formulated to clean all diesel engines including common rail injectors and combustion chamber deposits fast. It improves fuel system efficiency and economy, reduces black exhaust smoke and makes cold starting easier. Suitable for all diesel fuel including bio-diesel.

Benefits

- Cleans dirty injectors in one tankful
- Cleans Internal Direct Injector Deposits in Common Rail Diesel Engines
- Suitable for diesel engines including common rail
- Helps clean entire fuel system
- Improves fuel economy
- Reduces black exhaust smoke
- Reduces exhaust emissions
- Protects fuel system against corrosion
- Helps prevent algae formation

Directions for use

TREAT RATES:

- DIC 150ML - TREATS UP TO 150 LITRES
- DIC 300ML - TREATS UP TO 300 LITRES
- DIC 500ML - TREATS UP TO 500 LITRES

DIRECTIONS FOR USE:

For best results add the entire bottle to the fuel tank prior to filling. For ongoing maintenance, add 50ml for every 50L of diesel fuel prior to filling tank. If the fuel system is very fouled or first time use we recommend using Nulon Diesel Fuel System Extreme Clean (Part No. DEC).

Safety / First Aid

Safety Directions: Avoid contact with eyes or skin. DO NOT SWALLOW. Keep out of reach of children. Combustible. Keep away from heat or flame. Do not breathe vapour. Wash hands thoroughly after use. Not to be used as a food container.

First Aid: For advice, contact a Poisons Information Centre (Phone eg Australia 131 126; New Zealand 0800 764 766) or a doctor (at once). If swallowed, do NOT induce vomiting. If in eyes, hold eyelids apart and flush the eye continuously with running water. If skin contact occurs, flush with running water.

Pack Sizes

Part No: DIC150
150 ml - 12 per carton
Barcode: 9354 6133

Part No: DIC
300 ml - 6 Per Carton
Barcode: 9311090000230

Part No: DIC-20
20 litres - Single Unit
Barcode: 9311090000452
